# HYDRAULIC SCHEMES

The illustrated hydraulic schemes are supported in the following controllers: PROMATIC® AHC20, AHC21 in AHC22.

Mixing heating circuit, room temperature control.

Mixing heating circuit, weather compensated control.

Mixing heating circuit, room temperature or/and weather compensated control.

The illustrated hydraulic schemes are supported in the following controllers: PROMATIC® CMP25-2.

Mixing heating circuit,weather compensated control.

Mixing heating circuit, weather compensated control, system expand.
